

God Is So Good In My Life

Handry Otniel Legontu (Students of Lempin-EI Generation XXX)

I give thanks to God who has called and chosen me to be His servant. Remembering my life in the past, I was not proper to be His servant. Since I was in the third class of Junior High School, I have smoked and drunk alcohol beverage. My life was wicked and defiled. My deed did not show the conduct of the son of a clergyman. I always made parents sad.

God called me when my life was in the darkness and uncleanness but I always ran from His calling. I tried to become a student in university or to get a job but everything was failed by God. Nevertheless, I still became disobedient to His calling until I got an accident. I fell down from motorcycle.

Finally, I surrender to God and I joined Lempin-EI. Now, I have studied in Lempin-EI for ten months the renewal of my life happens more and more. God loves me so much. A sinful man may be called and chosen by Him to become His servant. I cannot reply His goodness; I promise to be a faithful servant.
